

Deck System

Creating an L-Shaped Deck

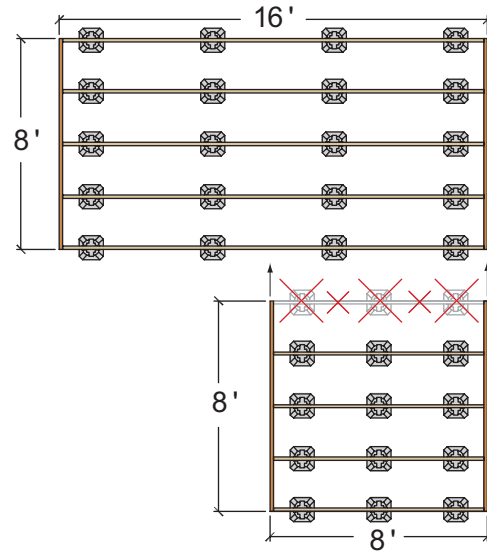

STEP 1

Typical deck construction showing both independent deck sections.

STEP 2

Eliminate one row of blocks and one support board from the smaller deck.

STEP 3

Attach the two end boards of the smaller deck to the support board of the larger deck. Use two deck screws or galv. brackets for the attachment.

STEP 4

Completed L-Shaped deck using continuous decking over the connection of the two decks.
